

# Project Update

## BELLEVUE 600 | JUNE 2021

### ACTIVITY

In June, the following work will be in-progress at the Bellevue 600 project:

- Utility installation continues on 110th Avenue NE and at the intersection of 110th Avenue NE & NE 6th Street. This activity will require the closure of southbound traffic lanes on 110th Avenue NE during work hours. During this work, the Bravern Plaza valet entrance will only be accessible via the northbound traffic lane on 110th Avenue NE. This traffic detour will remain in place through August. See maps for details.
- Beginning in mid June, crews will start installing new water mains between the Bravern Apartments entrance and the Bravern Plaza entrance. Additional traffic control and steel plates will be used to ensure continuous access to the apartments and valet entrance.
- Crews are wrapping up work on the sewer installation activities that have been impacting 110th Avenue NE south of NE 6th Street. Starting on Thursday, Jun. 3, traffic lanes in this area will be restored to the standard configuration.
- Shoring and mass excavation activities are currently underway. On Wednesday, Jun. 2, soldier pile drilling and installation will begin. This work will start in the southwest corner of the project along NE 6th Street and progress clockwise around the job site.

### WORK HOURS

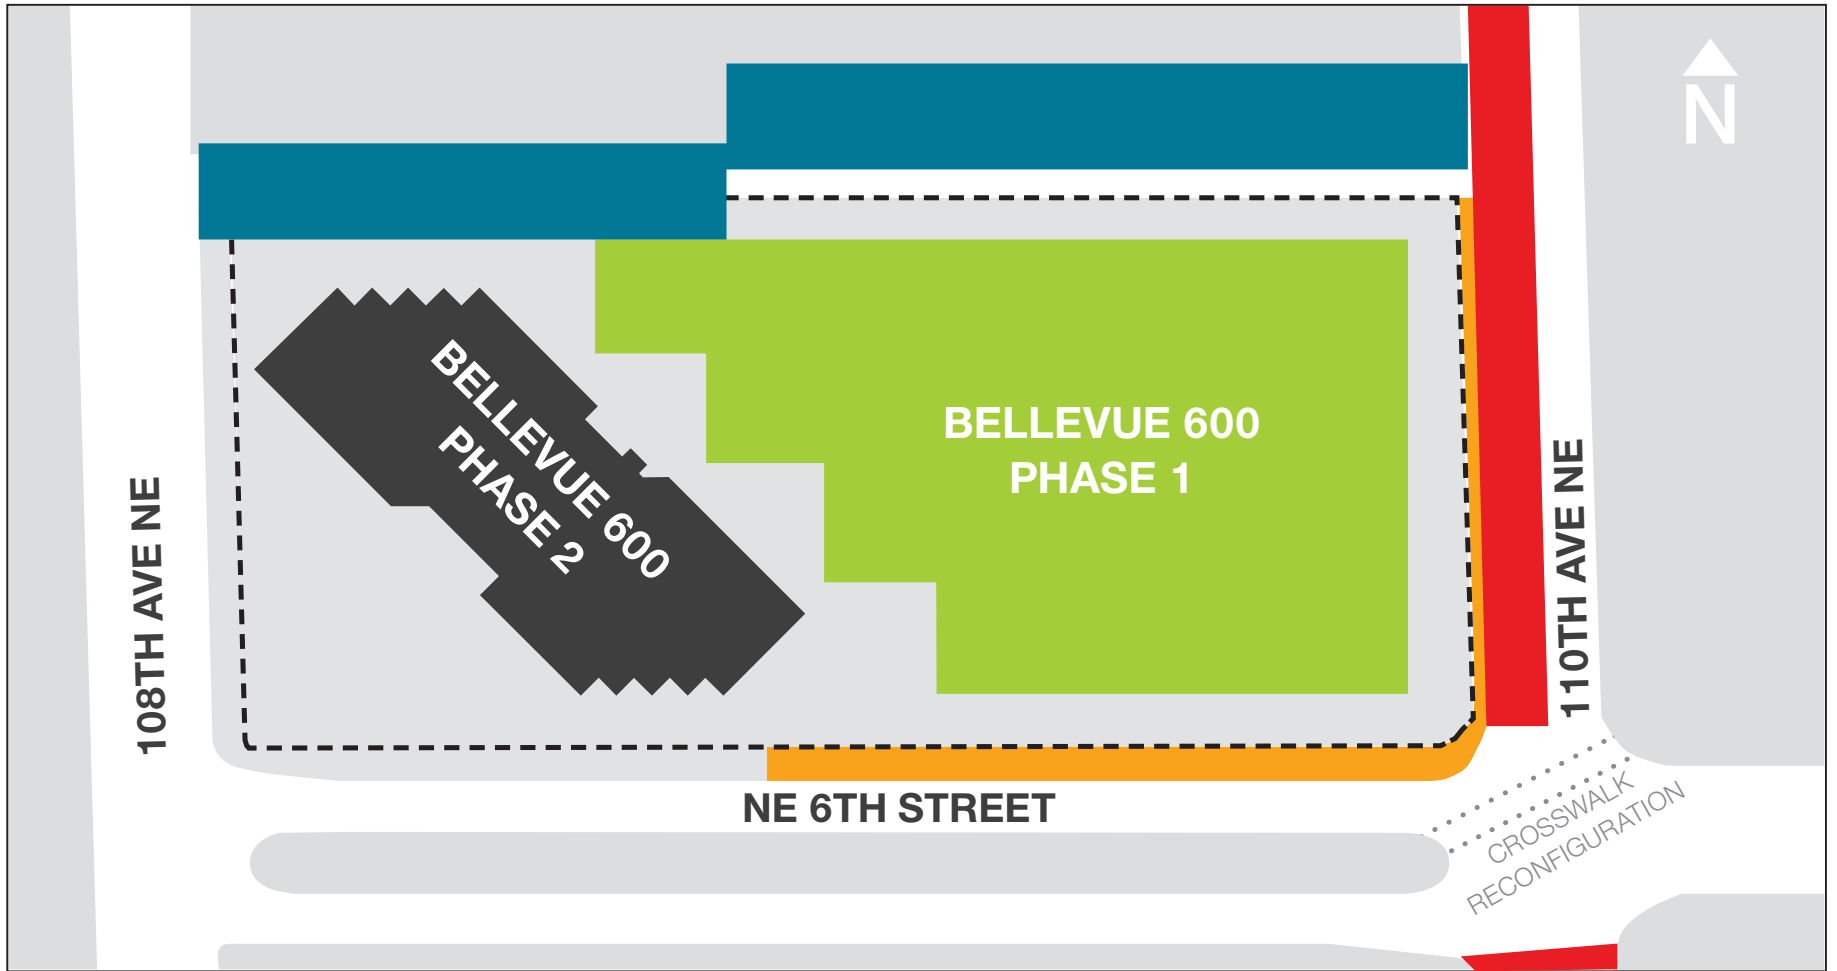

Monday - Friday: 7 a.m. to 6 p.m.

Saturday: 9 a.m. to 6 p.m.
