

SELLEN BENEFITS AT A GLANCE

Our goal is to hire the best talent and develop the strongest project teams in the industry. We are always looking for great people to join us – and we are proud to offer a competitive benefits package for employees who join our team. Below is a look at several highlights of Sellen's compensation package.

Sellen is the first general contractor to receive **Fair Pay Workplace Certification**, which recognizes organizations dedicated to maintaining pay equity across gender and race, and these standards are embedded in our pay practices. Visit fairpayworkplace.org to learn more.

We offer a variety of well-being resources to support employees, including app-based tools and our **Employee Assistance Plan (EAP)**, which includes confidential counseling and a deep network of referral services.

Sellen provides two weeks of **Bonding Leave** paid at 100% of salary for all new parents as a supplement to Washington State's 12-18 weeks of Paid Family Medical Leave. We also offer a **Dependent Care FSA** for tax savings on day care costs, and we're happy to provide **Adoption Assistance**.

Sellen offers comprehensive insurance coverage for **health, vision and dental**, and fully funds employee coverage for **life and disability** insurance. Sellen also funds a portable **Health Savings Account** to help you pay for additional health-related expenses.

We help you grow your retirement nest egg through our competitive 401(k) and WealthBuilder plan. This includes a **401(k) match** of 3.5% plus an annual contribution equal to 6% of your salary and bonus combined. In total, Sellen contributes **over 9.5% per year** to your 401(k).

Sellen provides **tuition reimbursement** when your college learning is tied to professional development goals in your role. And if **student loan repayments** are preventing you from maximizing 401(k) contributions – those student loan dollars are eligible for Sellen's 401(k) match.

Our **annual bonus program** ensures everyone shares in Sellen's financial success, and we have other awards recognizing individuals who go above and beyond **with cash and time off rewards**. We also celebrate our people's long tenure with **anniversary awards** at specific milestones.

Sellen provides **competitive time-off benefits** to rest and recharge. PTO accrual rates grow with tenure across 7 levels. We also offer **2 floating holidays** that can be used any time during the year on top of our **8 holidays**.

People across Sellen serve our community and Sellen organizes volunteer activities aligned with mental health, physical health, housing, and more. We coordinate **volunteer opportunities** throughout the year and provide funding through our **Dollars for Doers** program.
