

”

“We are very impressed with how smoothly the work was completed, and at the level of pride and attention to detail the whole Sellen team exhibited throughout the duration of the work.”

– Matthew Daugherty, Director of Building Operations, Tacoma Art Museum

Sellen Service Group

Sellen’s commitment to our partners’ success begins before we ever set foot on a job site and continues long after the project is complete. The **Sellen Service Group** was established to provide our clients with a scalable team of skilled craftspeople committed to delivering custom upgrades, fast-paced repairs, preventative maintenance and more.

- + Our team operates out of fully equipped vans with the tools required to **complete just about any job** that comes our way.
- + **We are skilled at working invisibly in sensitive, occupied healthcare and office spaces.** We leverage this experience to minimize impacts to everyone nearby while work is underway.
- + The Service Group offers **cost-effective, 24/7 customer service and is backed by the full resources of Sellen** – one of the largest general contractors in the Pacific Northwest.
